

IRIE '99 IMAGER

Day 3 - Wednesday November 3, 1999

THANK YOU TO ALL!

We would like to take this opportunity to thank each and everyone of you for participating in IRIE '99. It's been a fabulous conference thanks entirely to you! We have been overwhelmed by the caliber of presentations, the willingness of the attendees to interact in discussions and question periods and the involvement of the exhibitors - this event has been a truly educational experience. Conferences like IRIE '99 allow for networking with delegates and exhibitors, expanding your knowledge base and developing long-term friendships. We are sure everyone attending IRIE '99 will leave for home feeling positive about their time spent in San Diego. Again, thank you for making this conference an event to remember. All the best on your future endeavors.

The Crew From Academy

Your Conference Chairman For The Day

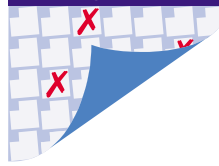

**Robert H.
Pennington,
PE**

Daily Events

Today's Agenda

Day 3 of IRIE '99 promises to be a very informative with the following presentations to look forward to:

"Thermographic Testing Used on the X-33 Space Launch Vehicle Program" - Doug Burleigh, B F Goodrich Aerospace

"Environmental Influences on IR Thermography Surveys" - Tom Scanlon, FLIR Systems Inc.

"The Future of Medical Infrared Imaging-Myths and Facts" - Dr. William Cockburn, D.C., F.I.A.C.T., D.A.B.F.E.

"From Microcircuits To Refineries" - Duane Rhynard - Advanced Integrated Technologies

"An Infrared Thermographic Study of Fabric Ignitions by a Smouldering Cigarette" - Dr. E-Chung Wu, Lorillard Tobacco Company

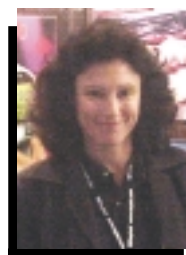

"Infrared Thermography Inspection of Vacuum Circuit Breakers" - Alexey I. Tadjibaev, Petersburg Power Engineering Institute

Thank you to Lynn Erfer of Raytek and Fred Colbert of Colbert Infrared Services for sharing their experiences and knowledge with us. A special thank you to Curtiss Massey of FTSCPAC for chairing Day 2 with such enthusiasm.

Thank you Fred for presenting on very short notice, Mr. Badrick's paper regarding furnace tubes and for the info about shocking pigs with high voltage medical gear.

I would like to take this opportunity to publicly apologize for my mix up on Lynn Erfer's presentation title in the IRIE Imager Day 2 issue. Rest assured, Lynn, I will be billing Alan Bandes of UE Systems for the advertising!
